The Resource New perspectives in the study of Mesoamerican primates : distribution, ecology, behavior, and conservation, edited by Alejandro Estrada

[New Perspectives in the Study of Mesoamerican Primates ...](#)

"New Perspectives in the Study of Mesoamerican Primates is an interesting book covering a wide range of topics with reference to a selected group of primate taxa. It will be an important reference book for primatologists in general and especially for persons working with capuchins, howlers, and spider monkeys.
